

Universitas 2018 presents

ON CAMPUS

ON THE ROAD

Engaging Realities

I will develop the necessary working skills to make Telefónica more competitive with Complex Problem Solving, Critical Thinking, Creativity, People Management and working with the others.

Sponsored by Marta Machicot

Global Management Programme

I seek to understand all facets of our business as well as to acquire the skills and mindset to permanently adapt to its fast evolution. I want to learn to challenge myself, others and the structures that surround me.

Sponsored by Jesús Romero

Executive Programme

I'm going to focus on Strategic Leadership, but not to put aside important practical concepts such as Execution, Agility or Simplification.

Sponsored by Angel Vilà

Leading the transformation

Through exposure to latest leadership thinking I will have the personal tools to improve team commitment, to foster a culture of collaboration and I will move towards execution.

Sponsored by Bernardo Quinn

WOW: Agile Everywhere

I will get to know, how, what and why, Agile is the way to work across their entire organizations, which will improve dramatically the ways of working. Agile methods are more collaborative and creative and can be more efficient than other business models.

Sponsored by Gonzalo Martín-Villa

Executing the transformation

I will be encouraged and prepared to jump into the digital revolution and achieve excellent performance and results from my team.

Sponsored by Eduardo Navarro

Leading Self

A leadership journey: Where am I and where am I heading in terms of me, my life and my profession.

Sponsored by Rory Simpson

Leading High Performing Teams

I will better understand how I can achieve the next level of leadership and take my team to optimal performance.

Sponsored by Guillermo Ansaldo

Women in Leadership

I will develop the skills, confidence and personal resilience to be a more influential leader within Telefónica's global business environment.

Sponsored by Carme Artigas

Women in Leadership

I will develop the skills, confidence and personal resilience to be a more influential leader within Telefónica's global business environment.

Sponsored by Carme Artigas

Masters of the Universe (μ)

We will address the local priorities and challenges of the operation from a highly futuristic and digital vision. Universitas team and speakers from the best Business Schools will, together with Telefónica leaders, give you the best insights.

Sponsored by Bernardo Quinn
